Manufacturer's Declaration of PPWR Compliance

Dear Sir or Madam,

ADLER-Werk Lackfabrik Johann Berghofer GmbH & Co KG hereby confirms that the products it supplies comply with the applicable provisions of the EU Regulation on Packaging and Packaging Waste (EU) 2025/40 (PPWR), which will come into force on 12 August 2026. In particular, with regard to the following points:

1. Recyclability in accordance with Article 6 of the PPWR

The packaging materials used by ADLER-Werk Lackfabrik Johann Berghofer GmbH & Co KG – in particular tinplate, LDPE, HDPE, PP and comparable thermoplastics – are, in principle, recyclable.

This is conditional upon the materials being collected by type, sorted separately and fed into suitable recycling streams.

2. Heavy metals

The total concentration of the following heavy metals is below the statutory limit of 100 mg/kg: lead (Pb), cadmium (Cd), mercury (Hg) and chromium VI (Cr VI).

3. Recycled content (PCR)

The recycled content (PCR) varies depending on the material and product and is provided on request.

4. PFAS declaration

Based on current knowledge and supplier declarations, the materials used do not contain any intentionally added PFAS.

5. Additional notes

The information is based on data provided by our suppliers, internal assessments and the legal requirements in force at the time of issue.

The assessment is based on current knowledge, taking into account the information available at the time of preparation regarding Regulation (EU) 2025/40.

Please do not hesitate to contact us should you have any further questions.
